

**Change of Zoom Class Arrangements for P.1**

1<sup>st</sup> December 2020

Dear Parent,

P. 1 students have been on Zoom for five days and most students have a good command of logins and are familiar with classroom requirement on Zoom. At a young age, P. 1 students have shorter attention spans and long-hour use of digital illuminated display devices may affect their eye health. Therefore, the class time per period is now shortened from 40 minutes to 30 minutes and students have 20-minute recess time between periods to maintain the balance between learning and health. Meanwhile, to increase the learning time of non-academic subjects such as Religious Studies, Visual Arts, Music, Physical Education and Computer Studies, self-learning hours have been added. Every Friday, the School will upload learning videos of five non-academic subjects for students to **replace** real-time Zoom classroom learning. **Parents are reminded that Zoom classes are now scheduled from five days a week to four days a week and children should watch learning videos every Friday.**

**A. Real-Time Zoom Class Timetable for P.1 (Monday to Thursday)**

Class	Period 1 9:00-9:30	Period 2 9:50-10:20	Period 3 10:40-11:10	Period 4 11:30-12:00
1A, 1D	English	Chinese	Maths	General Studies
1C	Chinese	Maths	English	General Studies
1B	English	Maths	Chinese	General Studies

**B. Links to Homework and Learning Videos:**

To view their daily homework, students can check the “Online Homework Checklist” on the school website (no login required).	
To watch a learning video of a non-academic subject, students should log into the relevant homework field on eClass.	

Teachers will upload answers of homework every Friday according to the actual needs and students can log in relevant field of academic subject on eClass to check their answers. No answers will be uploaded if teachers and students have reviewed or completed the homework together in class. Students shall submit all homework in hard copy such as hand-written answer sheets when returning to school. Homework checked on eClass does not need to be submitted. After reviewing students’ homework, teachers will return the checked homework to students.
