Part A

My Favourite Places

There are many interesting places in Hong Kong.

I have been to the Cultural Centre once. There were lots of interesting shows. I have been to the Space Museum twice. I watched a sky show there. It was really amazing!

I have been to Ocean Park many times. It is on Hong Kong Island. I rode on the cable car and saw the beautiful view there. I watched the dolphin show and saw the cute pandas there. I enjoyed visiting these places very much.
